Curriculum vitae of Robert Tijdeman

Born: July 30, 1943 in Oostzaan, The Netherlands.

Status Married with Alberdina Broertjes.

Children Katinka (10 March 1970) and Sonja (29 November 1972).

Home address Camphuysendreef 6, 2353 CJ Leiderdorp, The Netherlands.

Work address Mathematical Institute, Leiden University,
Postbus 9512, 2300 RA Leiden, The Netherlands.

Education

- Barlaeus Gymnasium (1955-1961)

- Study in Mathematics at University of Amsterdam (1961-1967)

- Doctoraalexamen mathematics: University of Amsterdam, July 9, 1967

- Doctor's thesis: University of Amsterdam, November 19, 1969.
  Title: On the distribution of the values of certain functions
  Thesis adviser: Prof. Dr. J. Popken

Carreer

- 1967 - 1970: Scientific worker, University of Amsterdam

- 1968 - 1969: Stay at Academy of Sciences, Budapest, Hungary

- 1970 - 1971: Member of the Institute for Advanced Study,
  Princeton, N.J., U.S.A.

- 1971 - 1975: Reader, Univ. Leiden

- 1975 - Professor, Univ. Leiden

Visiting positions for some weeks or months

- University of Cambridge (England, 1976)

- University of Michigan (Ann Arbor, 1976)

- E.T.H. (Zürich, 1980)

- University of Pisa (Italy, 1985)

- University of New South Wales (Sydney, 1985)

- University of Waterloo (Canada, 1987)

- Keio University (Yokohama, 1989)

- Tata Institute (Bombay, 1991, 2000)

- MSRI (Berkeley, 1993)

- Nihon University (Tokyo, 1996)

- Univ. Diderot (Paris 7, 2001)

Duties, honors and memberships

- Member of the Wiskundig Genootschap since 1966

- Member of the Americam Mathematical Society since 1971

- Member of the London Mathematical Society since 1977

- Member of the selection committee on Number Theory Section speakers of the International Congress of Mathematicians in Warsaw, Poland in 1983

- President of the Dutch Mathematical Society from 1984 to 1986 and Vice-President from 1982 to 1984

- Member of the Royal Netherlands Academy of Arts and Sciences since 1987

- Member of the Societé Mathématique de France since 1988

- Chairman of the Visiting Committee of the CWI, Amsterdam, 1989

- Member of the Deutsche Mathematiker Verein since 1990

- Chairman of the Department of Mathematics and Computer Science of the University of Leiden from 1991 to 1993

- Chairman of the Netherlands Education Committee for Mathematics, 1994-1999

- Member of the selection committee of prize winners of the 2nd European Congress of Mathematicians at Budapest in 1996

- Vice-chairman of the Akademie Raad voor Wiskunde, 1996-1999

- Member of the Ostrowski prize jury since 1997

- Doctor honoris causa Kossuth Lajos University, Debrecen, Hungary, 1999

- Member of the general board of the Royal Netherlands Academy of Arts and Sciences from 1999 to 2002

- Director of the Thomas Stieltjes Institute for Mathematics, since 1999

- Chairman of the Akademie Raad voor Wiskunde from 2003

Editorships:

- Editor of Acta Arithmetica since 1981 and one of the principal editors since 1988

- Central editor of Indagationes Mathematicae from 1988 to 1993 (all members of the academy serve as editors)

- Editor of Compositio Mathematica from 1980 to 1992

Invited addresses:

1972: Diophantine Approximation, Naval Research Lab., Washington D.C., U.S.A.
1974: A.M.S. - symposium on Hilbert problems, De Kalb, Ill. U.S.A.

1978: International Congress of Mathematicians at Helsinki, Finland.

1978: Journées Arithmétiques, Marseille, France.

1979: Netherlands Mathematical Congress, Nijmegen.

1981: Journées Arithmétiques, Metz, France.

1983: Annual Meeting German Mathematical Society, Cologne.

1985: Fourth Australasian Congress, Sydney.

1985: A.M.S.-N.S.F. Conference at New Brunswick, Maine, U.S.A.

1988: NATO-Conference on Number Theory at Banff, Canada.

1989: British Mathematical Colloquium, Nottingham.

1989: Canadian Number Theory Association Conference, Vancouver, Canada.

1990: 2 Diophantine Approximations and Transcendence Theory, Marseille-Luminy, France.

1991: Number Theory Conference, Essen, Germany.

1994: Turán Memorial Lecturer, Budapest, Hungary.

1994: Number Theory Conference, Boulder CO, U.S.A.

1996: Analytic Number Theory Conference, Kyoto, Japan.

1996: Diophantine Approximations Conference, Eger, Hungary.

1996: Second European Congress Junior Mathematicians, Miskolc, Hungary.

1996: Number Theory Conference, Minsk, Belarus.

1997: Number Theory Conference, Zakopane, Poland.

1998: Number Theory Conference, Graz, Austria.

1999: Conference in memory of Paul Erdös, Budapest, Hungary.

2000: Millenium Conference on Number Theory, Urbana Ill, U.S.A.

2000: Colloquium on Number Theory, Debrecen, Hungary.

2001:	Finite and Infinite Combinatorics, Budapest, Hungary.
2001:	Number Theory, Lille, France.
2002:	Arithmetics and Automata, Graz, Austria.
2003:	Computational Number Theory and Cryptography, Warszawa, Poland.

Organized conferences:

1980:	Co-organizer workshop on Computational Methods in Number Theory at C.W.I., Amsterdam, The Netherlands.
1983:	Co-organizer of Journees Arithmétiques, Noordwijkerhout, The Netherlands.
1985-2002:	Co-chairman of six conferences on Diophantine Approximations at Oberwolfach, Germany.
1990:	Organizer workshop on Diophantine Equations, Leiden, The Netherlands
1992:	Co-organizer of a conference on Diophantine Approximations and Abelian varieties, Soesterberg, The Netherlands
1997:	Co-organizer Instructional Conference Algebraic Independence, CIRM, Luminy, France
1998:	Co-organizer Conference on Diophantine Approximations, CIRM, Luminy, France
2001:	Co-organizer Workshop on Effective methods for Diophantine Equations, Debrecen, Hungary.
2002:	Co-organizer Conference on Diophantine Problems, CIRM, Luminy, France.
2002:	Co-organizer Workshop on Periodicity and Almost Periodicity, Budapest, Hungary.
2002:	Co-organizer Workshop on Explicit Algebraic Number Theory, Leiden, The Netherlands.
